this historical fiction book is about the life adventures of pierre de bré a young french huguenot at the time when european and native americans first came into contact with each other his family and community were massacred by the spanish and as a consequence he lived among the timucuan indians of florida for several years before returning to france it is a story of harsh times in europe a time with divisive indeed tumultuous religious and political problems and a time when exploration of the unknown parts of the world was so exciting romantic and adventurous the book should be of interest to anyone fascinated by the original native american culture or with a curiosity of the historic events leading to the settling of north america the author's motivation for writing this book came from four distinct sources a visit to st augustine florida where he became captivated with the early contribution of the french huguenots to the founding of the united states knowledge that huguenot ancestors on his mother's side came to the united states from france in the late 17th century visiting most of the places in france and florida mentioned in the book and going to elementary and high school with numerous native americans
